

# Magnetic Mounting System Instructions

Item #MP280000

1

Position the magnetic base over the frame, noting the position of the index holes.

2

Place the magnetic base on the frame.

3

Position the allen head screws (supplied) on the frame so they can be tightened.

4

Tighten the allen screws into the magnetic base until snug.

5

Position the magnet and retainer cup (supplied) over the magnetic base.

6

Tighten the mounting knob into the magnet retainer cup until snug, ensuring that the surface of the magnet sits flush with the magnetic base.

7

Repeat these steps to install the remaining magnetic base on the lower frame until completed (shown above).
